

Look inside to see how your U.S. representative and senators scored in the second session of the 118th Congress (2024) on issues ranging from horse soring and endangered species protections to enforcement of the Animal Welfare Act. Then let them know that you're watching and you appreciate their support for animals, or if they haven't been standing up for animals, that you'd like to see them do more. Also, share the *Humane Scorecard* with family, friends, fellow advocates and local media outlets.

How HSLF calculated scores

Many animal protection issues never receive a recorded vote in Congress. Some are enacted by voice vote, and some are introduced but languish. To accurately measure legislators' support, we count not just recorded votes but other meaningful ways they can help issues advance, such as co-sponsoring key bills and co-signing letters seeking increased enforcement of animal welfare laws. Dozens of animal protection bills are introduced each year; to give a balanced snapshot across a broad range of concerns, we only count co-sponsorship of a few priority bills that have a critical mass of support and a reasonable chance of enactment.

Scores are given as percentages of the number of items counted. Prime sponsors of legislation and those who led a letter to an agency also receive extra credit equal to one vote or co-sponsorship and a \checkmark in the Leader column. Those who led on multiple legislative and/or regulatory efforts or led on a top priority issue counted in this scorecard receive double extra credit equal to two votes or co-sponsorships and a \bigstar in the Leader column. If a legislator already has a score of 100 before counting the extra credit for leadership, that score appears in bold with a plus sign.

HSLF acknowledges the limitations of judging legislators based on a few votes, co-sponsorships, joint letters and leadership on animal issues. In some cases, legislators must miss votes for unavoidable reasons, such as a death in the family, serious illness, birth of a child or emergency in their district. Please also consider such unrecorded matters as performance on committees, positions of House or Senate leadership, constituent service and co-sponsorship of other animal protection bills not included in the scorecard.

The Humane Society Legislative Fund is a social welfare organization incorporated under section 501(c)(4) of the Internal Revenue Code and formed in 2004 as a separate lobbying affiliate of the Humane Society of the United States. HSLF works to pass animal protection laws at the state and federal levels, to educate the public about animal protection issues and to support humane candidates for office. Animal Welfare Act enforcement

A ✓ indicates co-sponsorship of the Better Collaboration, Accountability, and Regulatory Enforcement (CARE) for Animals Act (S. 2555), which would strengthen the U.S. Department of Justice's ability to collaborate with the U.S. Department of Agriculture to ensure sufficient enforcement of the Animal Welfare Act (AWA) and help deter violations. The AWA sets basic care standards for over a million animals in research, exhibition, commercial breeding and other facilities, yet many licensees are getting away with egregious abuses due to inadequate enforcement of the law. While the DOJ may currently ask federal courts to issue injunctions to prevent continued unlawful mistreatment of animals, the Better CARE for Animals Act would authorize the agency to seek license revocations, civil penalties and forfeiture to seize suffering animals. It would also codify a recent memorandum of understanding between the USDA and the DOJ to encourage greater collaboration and ensure the DOJ has access to evidence needed to initiate cases, following related report language in prior appropriations measures. This legislation is endorsed by over 85 animal protection groups, rescues, sanctuaries and national law enforcement organizations, including the National Sheriffs' Association, Association of Prosecuting Attorneys, and National Animal Care and Control Association.

SPONSORS: Sens. Richard Blumenthal, D-Conn.; John Kennedy, R-La.

Horse soring

A ✓ indicates co-sponsorship of the Prevent All Soring Tactics (PAST) Act (S. 4004) to crack down on the cruel practice of soring, in which trainers deliberately inflict severe pain on the hooves and legs of Tennessee walking horses and related breeds using caustic chemicals, chains, weighted shoes, hard objects, cuts to horses' tender soles and other cruel methods to force them to perform an unnaturally high-stepping gait for competitions. Congress passed the Horse Protection Act (HPA) more than 50 years ago to end this abuse, but rampant soring continues, as shown in an audit by the USDA's inspector general and subsequent undercover investigations by the Humane Society of the United States. The PAST Act would end the failed system of industry self-policing, ban the use of devices integral to soring, strengthen penalties and make illegal the actual soring of a horse—all for negligible cost as determined by the Congressional Budget Office. This legislation is endorsed by hundreds of stakeholder groups and individuals.

SPONSORS: Sens. Mike Crapo, R-Idaho; Mark Warner, D-Va.

Funding letter

A ✓ indicates that a legislator was one of the 45 senators who co-signed a group letter or submitted an individual request in May to the Agriculture Appropriations subcommittee. The letters sought provisions in the fiscal year 2025 funding bill for enforcement of the AWA, HPA, Humane Methods of Slaughter Act and

federal animal fighting law, and for programs to promote alternatives to animal testing, to provide shelter options for domestic violence survivors with pets, and to encourage veterinarians to locate in underserved areas. The letters also requested that no provisions be included based on the Ending Agricultural Trade Suppression (EATS) Act (S. 2019) or related legislation attacking state and local farm animal welfare laws. (Subcommittee and committee leaders don't sign letters to themselves but received credit because they were responsive to some of these requests.)

SPONSOR: Sen. Ron Wyden, D-Ore.

Leader

A ✓ indicates that a legislator earned extra credit for taking critical action to benefit animals, such as leading as a prime sponsor of pro-animal legislation (including items not scored in this chart) or a letter to an agency. A ★ indicates that a legislator earned double extra credit for taking two or more of these actions or leading on a top priority issue counted in this scorecard.

Animal Welfare Act enforcement

A ✓ indicates co-sponsorship of the Better Collaboration, Accountability, and Regulatory Enforcement (CARE) for Animals Act (H.R. 5041), which would strengthen the U.S. Department of Justice's ability to collaborate with the U.S. Department of Agriculture to ensure sufficient enforcement of the Animal Welfare Act (AWA) and help deter violations. The AWA sets basic care standards for over a million animals in research, exhibition, commercial breeding and other facilities, yet many licensees are getting away with egregious abuses due to inadequate enforcement of the law. While the DOJ may currently ask federal courts to issue injunctions to prevent continued unlawful mistreatment of animals, the Better CARE for Animals Act would authorize the agency to seek license revocations, civil penalties and forfeiture to seize suffering animals. This legislation is endorsed by over 85 animal protection groups, rescues, sanctuaries and national law enforcement organizations, including the National Sheriffs' Association, Association of Prosecuting Attorneys, and National Animal Care and Control Association.

SPONSORS: Reps. Guy Reschenthaler, R-Pa.; Mike Quigley, D-Ill.

Humane cosmetics

A ✓ indicates co-sponsorship of the Humane Cosmetics Act (H.R. 5399) to phase out testing of cosmetics on live animals and sales of animal-tested cosmetics in the U.S. These tests performed on rabbits, guinea pigs, rats and mice are intensely cruel and unreliable predictors of effects on humans. Cosmetics companies can choose from thousands of ingredients already known to be safe for people. For new ingredients, animal tests are unnecessary since many alternative methods—which are faster, less costly to perform and more relevant to humans—are available to ensure products are safe. More than 2 billion consumers live in countries that have already adopted similar restrictions, and 12 states (California, Hawaii, Illinois, Louisiana, Maine, Maryland, Nevada, New Jersey, New York, Oregon, Virginia and Washington) have passed laws to prohibit the sale of animal-tested cosmetics. More than 400 cosmetics companies and the Personal Care Products Council (the U.S. trade group that represents about 600 companies, including Procter & Gamble, Revlon, Unilever and Estée Lauder) have endorsed this legislation. **SPONSORS:** Reps. Don Beyer, D-Va.; Vern Buchanan, R-Fla.; Paul Tonko, D-N.Y.; Ken Calvert, R-Calif.; Tony Cárdenas, D-Calif.

Puppy mills

A ✓ indicates co-sponsorship of the Puppy Protection Act (H.R. 1624) to address serious gaps in welfare standards for tens of thousands of breeding dogs and puppies at large-scale breeding operations licensed by the USDA. Although the agency upgraded dog care standards (e.g., requiring handson veterinary exams and 24-hour access to clean water) in a May 2020 rulemaking, in many ways the regulations still allow overcrowded, inhumane conditions at puppy mills, which often result in sick puppies being sold to consumers. This bill, which is also endorsed by the National Sheriffs' Association, would codify the 2020 rule's upgrades and make other overdue reforms, such as prohibiting the use of stacked cages and gridded or wire cage flooring, increasing cage size to reduce behavioral problems that dogs in these facilities often develop, mandating protection from extreme heat and cold, and requiring that breeders attempt to find humane placement for retired breeding dogs rather than destroying them.

SPONSORS: Reps. Brian Fitzpatrick, R-Pa.; Jim McGovern, D-Mass.; Guy Reschenthaler, R-Pa.; Jimmy Panetta, D-Calif.

Horse slaughter

A ✓ indicates co-sponsorship of the Save America's Forgotten Equines (SAFE) Act (H.R. 3475) to prohibit the reopening of horse slaughter plants in the U.S. and the export of American horses to slaughter for human consumption. Horse slaughter is inherently cruel due to the unique biology of horses, and more than 80% of Americans oppose it. Horses destined for slaughter are shipped long distances without food, water or rest in crowded trucks and are often seriously injured in transit. At the slaughter plant, they often suffer repeated blows to the head during attempts to render them unconscious and are sometimes still alive when dismembered. This predatory industry doesn't "euthanize" old, sick horses; young and healthy horses are purchased, often by buyers misrepresenting their intentions, and killed for the overseas horsemeat market. American horses aren't raised for food and are routinely given hundreds of drugs over their lifetimes that can be toxic to humans if ingested.

SPONSORS: Reps. Vern Buchanan, R-Fla.; Jan Schakowsky, D-Ill.

Horse soring

A ✓ indicates co-sponsorship of the Prevent All Soring Tactics (PAST) Act (H.R. 3090) to crack down on the cruel practice of soring, in which trainers deliberately inflict severe pain on the hooves and legs of Tennessee walking horses and related breeds using caustic chemicals, chains, weighted shoes, hard objects, cuts to horses' tender soles and other cruel methods to force them to perform an unnaturally high-stepping gait for competitions. Congress passed the Horse Protection Act (HPA) more than 50 years ago to end this abuse, but rampant soring continues, as shown in an audit by the USDA's inspector general and subsequent undercover investigations by the Humane Society of the United States. The PAST Act would end the failed system of industry self-policing, ban the use of devices integral to soring, strengthen penalties and make illegal the actual soring of a horse—all for negligible cost as determined by the Congressional Budget Office. This legislation is endorsed by hundreds of stakeholder groups and individuals, and it was approved by the House in a bipartisan vote of 304-111 in November 2022.

SPONSORS: Reps. Brian Fitzpatrick, R-Pa.; Steve Cohen, D-Tenn.; Vern Buchanan, R-Fla.; Jan Schakowsky, D-Ill.

Gray wolves

A ✓ indicates a vote against the Trust the Science Act (H.R. 764) to delist the gray wolf from the Endangered Species Act (ESA) and prohibit judicial review of the action. The gray wolf is an iconic species that plays a vital role in maintaining balanced ecosystems. Gray wolves are already under heavy pressure from habitat loss, persecution and other human-caused threats. Rolling back ESA protections could be detrimental to the species' recovery and disrupt delicate ecosystems. The ESA is an immensely popular law that has saved approximately 99% of listed species from extinction. Legislating ESA decisions undermines the law itself, which rests authority in federal agencies and continues to be our nation's strongest tool for protecting vulnerable species. **SPONSOR (ANTI-ANIMAL AMEND-**

MENT): Rep. Lauren Boebert, R-Colo.

Interior appropriations

A ✓ indicates a vote against final passage of H.R. 8998 (fiscal year 2025 Interior-Environment appropriations bill). We note that representatives had many reasons for voting as they did on this large, multi-issue package, but we urged opposition to H.R. 8998 because it contained steep budget cuts to critical conservation and land management programs, as well as several policy riders that would undermine efforts to preserve our nation's biodiversity. Among the harmful riders were provisions to remove federal ESA protections for vulnerable species, including native carnivores such as gray wolves and grizzly bears. While we were pleased that a few pro-animal amendments were adopted during the floor debate—for example, to boost funding for the rescue and rehabilitation of manatees and to emphasize the need for increased use of humane, reversible fertility control to manage wild horse populations—several anti-animal amendments also passed, including ones to reduce funding for the U.S. Fish and Wildlife Service to FY 2021 levels and to prohibit funding to protect certain other species under the ESA.

Funding letter

A ✓ indicates that a legislator was one of the 197 representatives who co-signed a group letter or submitted an individual request in May to the Agriculture Appropriations subcommittee. These letters sought provisions in the FY 2025 funding bill for enforce-

ment of the AWA, HPA, Humane Methods of Slaughter Act and federal animal fighting law, and for programs to promote alternatives to animal testing, to provide shelter for domestic violence survivors with pets, and to encourage veterinarians to locate in underserved areas. The letters also requested that no provisions be included based on the Ending Agricultural Trade Suppression (EATS) Act (H.R. 4417) or related legislation attacking state and local farm animal welfare laws. (Subcommittee and committee leaders don't sign letters to themselves but received credit because they were responsive to some of these requests.) **SPONSORS:** Reps. Earl Blumenauer,

D-Ore.; Chris Smith, R-N.J.

Leader

A ✓ indicates that a legislator earned extra credit for taking critical action to benefit animals, such as by leading as a prime sponsor of pro-animal legislation (including items not scored in this chart) or a letter to an agency. A ★ indicates that a legislator earned double extra credit for taking two or more of these actions or leading on a top priority issue counted in this scorecard.

Congressional Animal Protection Caucus

A ▲ indicates the representative is a member of this caucus—led by Reps. Earl Blumenauer, D-Ore.; Vern Buchanan, R-Fla.; Sharice Davids, D-Kan.; Brian Fitzpatrick, R-Pa.; Mike Quigley, D-Ill.; and Nicole Malliotakis, R-N.Y.—which highlights issues affecting animals and opportunities for legislators to help advance reforms. Caucus membership doesn't affect numerical scores.

SP Prime sponsor (pro-animal legislation)

- ✓ Took pro-animal position through co-sponsoring a bill, voting, signing a letter or leading on pro-animal issue
- ★ Led on multiple legislative and/or regulatory efforts or led on a top priority measure
- **X** Took anti-animal position on a vote
- NV Did not vote due to absence or abstention
- NV* Put statement in Congressional Record (and notified HSLF) indicating missed vote but would have voted pro-animal position
- **NV**** Missed floor vote but voted pro-animal position on bill in committee
- 100+ Pro-animal position on 8 scored items plus extra credit for leading on pro-animal issue(s)
- ▲ Member of the Congressional Animal Protection Caucus (does not affect numerical score)
- Delegates from U.S. territories and the District of Columbia cannot vote on bills or amendments on the House floor unless they are taken in the "Committee of the Whole"
- •• The top leaders of each party typically don't co-sponsor bills and the Speaker of the House doesn't vote, so they have no numerical scores
